

We are pleased to announce that The Sherry-Netherlands is a pet friendly hotel. Please review the following guidelines and limitations:

- One pet is allowed per hotel room at any given time.
- Your pet must be carried at all times while in public areas. Should your pet be too large to carry, the Service Elevator and Service Entrance must be used.
- Housekeeping will service your room only if your pet is crated or out of the room.
- Any noise disturbance must be curtailed to ensure that our other guests are not inconvenienced.
- All guests must sign the Request for Occupancy of Pet form upon check-in.

Request for Occupancy of Pet:

I wish to request the approval for the occupancy of my pet while I am in occupancy at The Sherry-Netherlands.

If consent is granted for the registration of my pet while I am in occupancy I understand and accept full responsibility for any possible nuisance or damage caused by my pet to any area of the hotel and agree to pay for all costs resulting from such nuisance or damage.

I agree to pay for such charges at the same time that any bill for rent or other charges are due and payable.

It is understood that no pets are permitted to walk through the public areas of the hotel or guest elevators. If the pet is small enough to be held, I may be permitted to ride the guest elevators. If the pet is too large to be held, I understand that I will be required to use the service elevators only.

Under no circumstances will my pet be left alone for any extended period of time. Should my pet make loud noises which cause a disturbance I agree to be bound by the board's decision as to a reasonable course of action.
